CUSTOMER NOTIFICATION

On May 23 2011, Livco Water Company ("Livco") filed with the Arizona Corporation Commission ("Commission") an application for a rate increase, using a Test Year 2010 ending December 31, 2010. Current rates have been in effect since May 1, 2008. An increase in rates is necessary at this time to cover increased operating expenses, service debt, and provide a reasonable return on investment. Based on the Company's unaudited Test Year results, Livco realized an operating loss of \$19,543. The Company is requesting a revenue increase of \$49,910, or approximately 34.16%, over unadjusted, unaudited TY total revenues of \$146,094.

Please see the attached pages 9 and 11 of the Company's application for the current and proposed rates.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street and at Livco's offices at #1 Country Road (corner of Hwy 61 & the entrance to the County Club), Concho, Arizona, or online at <http://edocket.azcc.gov/edocket/>.

The Commission's Utilities Division ("Staff") is in the process of auditing and analyzing Livco's application and records and has not yet made a recommendation regarding the application. Customers should be aware that the Commission is not bound by the proposals made by Livco or Staff and that the rates and charges ultimately approved by the Commission may be higher or lower than those proposed by Livco or recommended by Staff.

Customer input is an important part of the Commission's analysis of the requested rates and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to Livco's Application, as well as any other concerns with Livco's operations, such as concerns related to service, billing procedures, or other factors important in determining the reasonableness of rates and charges. Customers wishing to communicate with the Commission, or request information on intervention in this proceeding, should contact the Commission's Consumer Services Section at 800-222-7000 (if located outside the Phoenix local calling area) or 602-542-4251 (in the Phoenix local calling area). Customers may also contact the Tucson Commission office at 800-535-0148 (if located outside the Tucson local calling area) or 520-628-6555 (in the Tucson local calling area).

Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the office file, which the Commission reviews prior to making its final decision on the Application. It is important that customers submit any written comments to the Commission within 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing Staff's recommendations to the Commission.
